Scientific adjunct position in the field of organic synthesis

Position of scientific adjunct in the OPUS 16 project entitled "In the marches of sulfur and fluorine - new strategies of formation of the CC and CF bonds" financed by the National Science Center (2018/31/B/ST5/01118) is open for application.

Project leader: dr hab. Michał Barbasiewicz

We are looking for motivated candidates:

- with a PhD degree in chemistry (gained not later than in the moment of beginning of employment),
- good knowledge of English,
- proficiency in organic synthesis, in particular isolation and characterization of compounds (chromatography, NMR, GC), and work using Schlenk technique (under inert atmosphere),
- ability to analyze and report progress of the project,
- experience in the field of the project (organosulfur and organofluorine chemistry) is advantageous.

The candidate must meet the requirements of art. 113 of the Act - Law on Higher Education and Science dated July 20, 2018 (Journal of Laws of 2018, item 1668 as amended).

We offer:

contract with the University of Warsaw (full time position/employment contract starting at 21st of October 2018) for 12 months.

Required documents:

- Curriculum Vitae (CV),
- information on the processing of personal data (see the text below),
- Information on scientific publications, a list of attended conferences with titles and authors of presentations, scholarships, prizes and awards,
- Cover Letter, describing Candidate motivation,
- PhD degree certificate or confirmation of opening the PhD dissertation,
- Letter of recommendation from a scientist who is familiar with the Candidate.

Please submit the documents **no later than 06th September 2019** to:

barbasiewicz@chem.uw.edu.pl (PDF is the preferred format).

E-mail entitled: "Postdoc Application".

The candidates's applications will be checked by the commission directed by the project leader dr hab. Michał Barbasiewicz. The results of the competition will be given by e-mail till 1.10.2019

The competition is the first stage of the employment procedure as an academic teacher, and its positive outcome is the basis for further proceedings.
